

# Indigenous COVID-19 Vaccine and Booster Clinic

May 18 2022 and June 1 2022

North Simcoe Sports Recreation Centre, 526 Len Self Blvd.  
Midland ON L4R 5N6 - Bill Thompson Room

## Who:

- **First Nations, Métis, and Inuit adults age 18 or older** and non-Indigenous adults living in the same household are now eligible to get a second COVID-19 booster if enough time has passed since their previous booster was received.
- This clinic will also be able to provide first boosters, or first or second doses to Indigenous children, youth, and adults who are eligible.

## Booking:

- You can book your appointment online and skip the line. Walk-ins are welcomed during the clinic. If you need help booking call 705-818-0575 (Monday to Friday, 9 to 5pm)
- Appointments available from 12pm to 6pm

Book online by clicking here or visiting [www.mamaway.ca](http://www.mamaway.ca)

## Indigenous COVID-19 Vaccine and Booster Clinics

# When can I get my COVID-19 Vaccine or Booster?

	Dose/Booster	Age	Recommended Time Between Doses
1 <sup>st</sup> and 2 <sup>nd</sup> doses	First Dose	Age 5 or older	Whenever you are ready
	Second Dose	Age 5 to 11	8 weeks since the first vaccine dose
	Second Dose	Age 12 or older	8 weeks since the first vaccine dose
1 <sup>st</sup> booster	Booster	Age 5 to 11	No booster dose at this time
	Booster	Age 12 to 17	6 months after the second vaccine dose
	Booster	Age 18 or older	3 months after the second vaccine dose
2 <sup>nd</sup> booster	Second Booster	Age 12 to 17	No booster dose at this time
	Second Booster	Age 18 or older	5 months since previous booster dose Minimum interval (time between) 3 months

It is recommended that you wait 3 months after having COVID to have a COVID vaccine. If you are a person who is immunocompromised, your vaccine timing and recommendations may be a little different than what is in this chart.
